

IEEE Internet Initiative Digital Skills Working Group

Digital skills should be seen as a human right for everyone everywhere...regardless of location, socio-economic background, and/or language

Objectives	Work Plan Action Items	Deliverables	Status/Date
Definitions	Review existing definitions based on detailed literature review	Literature review – 100+ resources	75 resources defined
Influencers	Review key influencers -people & orgs	Key influencer document – 100+ influencers	25 influencers defined (requires combining with other files)
Personas	Review personas and geographic clusters defined to date	Persona document – top 10 with specialized & basic/general skills defined	6 defined (requires additional team feedback to identify if others exist)
Outcomes	Define outcomes allocated to each persona and geographic cluster	Outcomes document – mapped to personas	To be completed after personas are completed
